A Sonova brand

\*Smartphones and traditional mobile phones with a compatible Bluetooth Hands-Free Profile.

Moxi Move R charger is also used with Moxi Jump R T.

You can enjoy easy, direct connections with the people you care about, with hands-free phone calls, video calls, Skype and Facetime® – on all phones and to both ears; it's simple. When a call comes in, you will hear a ring signal in either one and you're in the conversation. No need to even touch your phone. And with stereo media streaming you can connect to your favourite media like podcasts, music and streamed TV.

## Connect to your favourite tech

## An outstanding line-up

All of our hearing aids are stylish, comfortable, and easy to use. Together we'll choose the one that's best for you.

#### TRADITIONAL BATTERY

Moxi™ Fit

#### RECHARGEABLE OPTIONS

They charge just like your favourite electronic devices.

# Welcome advice when you need it

Our **coach** feature sends you timely tips and advice through the Remote Plus app\* to help you use and care for your new hearing aids.

You can also use the Remote Plus app to control your hearing aids and share impressions on how they are performing while you're out and about. This will help us quickly address any issues and further personalise your hearing solution.

\*The Remote Plus app works on Apple smartphones with iOS 10.2 or newer and Android smartphones with version 6 or newer. App Store badge is a trademark of Apple Inc., registered in the U.S. and other countries. Google Play and the Google Play logo are trademarks of Google LLC.

# Elevate your experience

### TV Connector

With the TV Connector, you can easily watch your favourite shows and movies in high-quality stereo sound by wirelessly connecting your hearing aids to your TV, laptop, tablet, stereo and other media devices. This means the volume is comfortable for you, and everyone else watching too.

Accessories shown at actual size.

### Remote Control

An easy-to-use remote control lets you discreetly adjust volume and switch programs at your convenience.

### PartnerMic

This lapel worn\*\* microphone is ideal for one-to-one conversations in noisy environments or at a distance.

### Need more help in challenging listening situations like meetings or conversations in noise or over distance?

Ask your hearing healthcare professional if a Roger™ device could be a good fit for you.

\*\*The PartnerMic is meant to be worn by the person you are having a conversation with.

# Discover your technology level

Different technology levels are available for your hearing aids. We'll work together to choose the one that best matches your listening lifestyle and needs.

### Totally future-proof hearing aids

If your hearing needs change in the future, you can upgrade your hearing aids to a higher technology level without having to buy a brand new pair with **FLEX:UPGRADE™**
